Note: If someone want to host a cruise, but has little experience or is a bit intimidated, I have a list of how to go about it and will happy to share it with you. It's a bit more difficult to have a cruise on salt water without an official host, but it can be done with some advanced preparation by the attending boats.

The number of CYC Bay boats has dwindled over the past couple of years. Most of these dates are only suggestions and I have tried to make them not conflict with the schedule of fresh water cruises whenever possible.
